## Laurent D. Styles Emma Roberts for the Met Ball

Emma Roberts' young and fresh blowout with soft curls was a perfect fit for the young star and rising fashionista at the Met Ball. Celebrity stylist **Laurent D.** created the tousled look for the actress using his **Privé products**. This is a perfect look to recreate for a wedding or prom!

### Steps

**Step 1:** Laurent began by blow drying Emma's hair after prepping with **Privé Foaming Styler**.

**Step 2:** After the hair was completely dry, he curled sections of hair with a ½-inch curling iron.

**Step 3:** Laurent pinned Emma's curls with bobby pins for 45 minutes to allow the curls to cool and set. Emma's makeup was applied while the curls set.

**Step 4:** After removing the bobby pins, Laurent flipped Emma's hair upside down and brushed with a Mason Pearson brush to add volume to the curls, creating a tousled look.

**Step 5:** As a final touch, Laurent applied **Privé Finishing Texture Spray** and **Flash Brilliance** for extra texture and shine.
